Al Ain Universitys Dialog Session on Sustainability and Corporate Governance

The Deanship of Students Affairs, based in Abu Dhabi, participated in an interactive meeting on "sustainability and corporate governance" organized by an Abu Dhabi sustainability group in the presence of a selection of experts in the field of sustainability and governance.

The meeting was organized upon good governance and its importance in achieving sustainable development, as they are commonly the most important components for success in any enterprise. It was also successful in promoting knowledge of governance and the challenges facing an institution when integrating sustainability into work and providing valuable opportunities to explore the subject in detail.
