## An event on the Occasion of World Diabetes Day at AAU

On the occasion of World Diabetes Day, the Deanship of Students Affairs at the Al Ain University of Science and Technology, based in Al Ain, in collaboration with Specialized Care Hospital, organized an effective plumbing through which the hospital gave a number of free tests and consultations to raise awareness about the disease. Moreover, the Sebamed Company distributed a number of symbolic gifts. The event was seen by members of academic and administrative bodies and a routine of university scholars.

On the sidelines of the event, Dr. Ghalia Khader, from the Faculty of Pharmacy of Al Ain University, presented a lecture under the title "Control Your Diabetes before it Controls You". The purpose was to promote awareness of diabetes and its ramifications, and the importance of

checking blood sugar levels. She has also observed that when diabetes is found in its early phases, there are ways of preventing the disease, such as regular exercise and the importance of lifestyle alterations.
