Healthy Vision Campaign at AAU Campus

The Deanship of Student Affairs and the Community Engagement Committee at Al Ain University of Science and Technology in Abu Dhabi campus, in cooperation with Johnson & Johnson, organized healthy vision event for students, faculty, and staff. Tests were carried out by the “Acuvue” team of optometrists and opticians at Johnson & Johnson.

The medical day also included complimentary eye check and medical consultations by specialists to raise awareness on vision health. In addition, free medical lenses samples were given out based on eye check results.
