## Al Ain University Students Visit the Abu Dhabi Security Market

The Student Affairs Deanship at Al Ain University of Science and Technology in Abu Dhabi, with the cooperation of the Community Engagement Department in the College of Business Administration, has organized a student visit to the Abu Dhabi Security Market, where a number of students from the Banking and Financial faculties have attended under the supervision of Dr. Ammar Jraisat. The targets of the visit is to learn about trading stocks, bonds and the method of functioning of the market as part of the application field of investment management. Furthermore, the students were offered an introductory lecture on the market and its establishment.

The students were known to the number of goals that underlie the stock market including listed companies on the market and how to promote the interests of investors in an efficient and competitive market characterized by transparency and regulation of its dealings in connection with the purchase and sale of securities within the terminologies of investment management.
