## College of Pharmacy participated in Carnival "Health & Fitness"

The College of Pharmacy students at Al Ain University of Science and Technology participated in the Carnival of Health and Fitness organized by the United Arab Emirates University with the participation of a number of medical, health and sports centers and agencies in the UAE.

The participation of pharmacy students was to provide medical advices necessary to all visitors, and to distribute awareness brochures and gifts.

AAU gives the opportunity to its students to participate in such events to promote health awareness and encourage them to acquire the necessary skills through their interaction with the community, and update them on the health care developments.

The Carnival was organized by the UAE University concurrently with the Year of Zayed, in order to shed light on the most important health and physical achievements during the course of life of the founding father and the leader, Sheikh Zayed bin Sultan Al Nahyan. Al Ain University is always keen to participate in this carnival.
