## Workshop on Accessing and Using AAU Digital Library

Khalifa Library recently organized a workshop titled “AAU Digital Library: Access and Use” for faculty members and students. The session was facilitated by Dr. Abdoulaye Kaba, Library Director.

The workshop aimed to enhance participants’ understanding of the AAU Digital Library and its various services. Dr. Kaba demonstrated how to access the online catalog using subject headings and introduced the library’s e-services, including article requests for research and assignments, as well as discussion room reservations for students.

He also presented the wide range of electronic resources available for each college, emphasizing their value in supporting academic research. In addition, Dr. Kaba showcased the AAU Digital Repository, which houses research publications authored by the university’s faculty members
